

## The Standard Package "A" - £950

Following your brief, we seek to capture all those memorable events that flash by so swiftly on your special occasion.

How we achieve this is by having:

- Two photographers in attendance;
- Pre-wedding consultation with bride and groom;
- A visit to the Wedding venue and a pre wedding shoot;
- Unobtrusively photographing the magical few hours before the service, such as the bride and bridesmaids getting ready;
- Pre-service shots of the groom, best man and ushers and of the guests arriving;
- Coverage of the church/ civil wedding ceremony
- Formal shots of the bride and groom, family and friends throughout the day;
- Informal photographs capturing those relaxed and spontaneous moments that are often taken without the subject being aware and so portray the joyous atmosphere experienced throughout the day.
- Still-life shots of the little details that make your day so special such as the bouquet, jewelry, dress details, name cards, etc.
- We take an unlimited number of photographs through out the day
- To assist you in making your choice of images to put in your album we create a private, stress free environment in our studio to view all the photographs taken throughout the event.
- We will also compile a DVD showing all the images and set to music of your choice with beautifully printed disc and case cover.
- Also included are up to 3 digital alterations, etc. Opening closed eyes, removal of unwanted items.
- All images will be put onto my website showing photographs taken from the day for family and friends to view for a period of 2 to 6 months.

These Graphi Studio story books are fully designed by Forever Young Photography, after you choose your photographs they will be used by the team of graphic designers to create beautiful pages telling the story of your special day from getting ready to the final images.

After this they will sit down with the couple and finalise the design work giving chance to have their own personal input into the finished book.

This is then sent to Italy to make a unique handmade album of their perfect day, for the couple to treasure forever.

Other more traditional albums are also available, prices on request.
